HUNTSVILLE, January 12, 1852.

Dr. Blænson:—I take the liberty and fell it to be my duty to recommend to all persons suffering from disease of the stomach and bowels, your Alterative Compound, as a very seperior medicine. My son, aged 15 years, had been under medical treatment about five years for dyspepsia and diarribea—when having almost despaired of his recovery, I concluded to try your Alterative, two bottless of which, I believe, HUNTSVILLE, January 12, 1852. entirely cured him. Hunsville, Oct. 17, 1852.

Dr. Bledsor.—Some time has clapsed since I gave a coatificate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saving to the public, that my wife had for three or four years been subject to the worst kind of spells of cramp in the stomach from dyspepsin. I had tried of several whom I thought to be the best physicians in the place and a great many differen medicines, with momentary relief. Being persuaded to try rour alterative compound, I did so—and I am happy to say that it has entirely circed her; and I would conscientiously recommend it to all persons suffering from diseases of the liver and dyspepsia.

Beroson:—I feel that I should fall short of my duty to you and to those who are afflicted, were I not to further recommend your Afterative Compound. It has entirely relieved me, so that I have not had cause to take anything in two months. I can eat anything I want with impunity, and believe my health is as good as it ever is at my advanced age. Should I ever suffer from dyspepsia again I shall be sure to call on you. I am very respectfully your friend.

This was an extreme ease of inflammation of the spleen, of long standing has a variety of treatment from no less than sight different physicians, without receiving benefit—was cured by the use of only four bottles of the Magnetic Ointment. This was four months ago and the lady (a Mrs. Dunham, is still in good health, and able to attend to her usual purschold duties. These treated two cases of Chemic Sec. household duties. Thave treated two cases of Chronic Sore Eyes with the Ointment, both of the patients so nearly blind, as to need an attendant to lead them from place to place. One of them had been afflicted 18 years, the other about 9 years. They had tried the best physicians in the about 9 years. They had tried the best physicians in the State, without henefit; and one of them had been under the treatment of the celebrated Dr. Muzzy, of Cincinnati, for eighteen months, and had expended hundreds of dollars in vain efforts to effect a cure. They are now by use of the Magnetic Outtment, nearly or quite cured; and are able to read and attend to any ordinary business. I have used the Omment in a number of cases of Piles, and in no case has it failed of queing inaccelute relief and generally a permanent cure. I have also used it beneficially in severe cases of Erysipelas. And last but not least, I have within the last year cured four cases of CANCER by the use of the Magnetic Ointenest alone! Ointment alone! From a thorough trial of the Ointment in nearly every disease for which it is recommended, I can confidently re-

The Columbia Railroad Line for Harrisburg, via Columbia and all intermediate places, will leave the above station at 134, P. M. at 1%, P. M.

THIS road now complete, it opens a communication between Pittsburg and Philadelphia, or Pittsburg and Endimore. By which Freight from the west can reach an eastern market quicker and cheaper than by any of the present rival outes: they connect with the daily packets at Pittsburg, from St Louis, Louisville, Cincinnati, Wheeling, and all the different points on the western waters. Also with the Cleveland and Pittsburg Rail Road, and Ohlo and Pennsylvania Rail Road at Pittsburg. Cars run through between Pittsburgh and Philadelphia withouttranshipment of freight, an advantage that can be appreciated by all shippers.

In case of obstruction of navigation by ice or low water freights westward can be forwarded from Pittsburg to Cincinnati, or towns in the interior by Railroad.

COIL MILL.

This Mill differs from all others in the construction of the upper or Running Stone, which is composed of French Burr Blocks, enclosed in a cust iron Case, which forms the back and hoop of the Stone with a Cast Iron Kye, or Bush, than is of greater external diameter at the bottom that at the top, which is secured to the back by four boits, so that every block is in the form of a dove tail, which gives greater strength to a Stone than any other method which is required in small mills, where the stone is run with great speed, and becomes dangerous if not strongly made. It also gives any weight to a stone of small diameter that is required without having it thick or high, that makes it top heavy.

This mill is a square frame made of wood or cast iron, in the form of a bask, with Bridge-tree, Spindle Balance, Ring Driver, and Regulating Serew, and grinds unon the same principle as a large mill, differing only in the Runner Stone; this being of great weight enables it to grind nearer the center agreater quantity of grain with less power than any other mill now in use. This mill is portable, and may be attached to steam, water, horse or hand power.

ALSO, all sizes of French Burr Mill Stones, manufactured on the same principle.

These Mills do not require a Millright to set them up; and all that is necessary to put them in operation, is to attach a hand to the pulley on the spindle, with a drum sufficiently large to run a twenty-four inch Mill 240 revolutions per minute, attached to Gin, Steam, or Water Power. By the steady application of two horse power the Mill will grind sax to 8 bushels per hour of good meal; and will grind wheat as well as corn. The thirty inch mill, if put to its fullest speed, will grind from ten to fifteen bushels per hour.

These mills are warranted to be in every respect as recommended.

Dragetions for Using.—Pince your mill about 20 feet from

MPORTANT TO IRON MANUFACTU-RERS.—JAMES RENTON, of Newark, New Jersey, has discovered a process for manufacturing wrought iron directly from the ore, with wood or mineral coal, styled by him an ore-welding furnace; (an improvement it the manufacture of iron long sought after, but never successfully attained until Mr. Reuton's discovery,) and which produces at a single heat the best quantity of blooms, at a less cost than pig iron is now usually made. Letters Patent have been granted him for his discovery, and we are the appointed agents for the sale of rights, and its introduction throughout the West; and as the present high price of iron is inducing many West; and as the present high price of iron is inducing many capitalists to invest in its manufacture, without being aware of the great advantages this new and valuable invention has over any other known mode, we think it but subserving their interest to thus early impress upon them the importance of an examination of the merit of this late invention before embarking in any other made for making iron, assuring them of its entire success and practicability, as demonstrated by the furnaces now in successful operation after

GENTLEMEN.—Your Hobrew Plaster has cured me of pains of which I have suffered for twelve years past. During this period I labored under an affection of my loine and side, and tried many remedies that my own medical experience suggested, but without obtaining relief. At length I used your Plaster, and am now by its good effects entirely cured. I will recommend the Jew David or Hebrew Plaster to all, who are suffiring from contraction of the muscles, or permanent pains in the side or buck.

The people of Georgia have but to become acquainted with its virtues when they will resort to its use.

Missas. Scovil. & Misso:—I have been troubled with the chronic rheumatism for the last twelve years. On the 1st of July 1849, I was so had that I could not turn myself in bed, and the pain so severe that I had not slept a wink for six days. At this time my attending Physician prescribed the "Hebrew Plaster," and it acted like a charm; the pain left me and I slept more than half of the night, and in three days I was able to ride out. I consider the "Hebrew Plaster" the best able to ride out. I consider the remedy for all sorts of pains now in use G. W. McMINN.

THE GRÆFENBERG DISENTERY SYR-UP--Is a speedy and infallible remedy for DIARRHEA, DYSENTERY, BLOODY FLUX, CHOLERA MORBUS, CHOLERA INFANTUM, and the Asiatic Choiera.

It never fails to cure the worst possible cases of bowel complaints in a few hours. It is purely vegetable, and taken in almost any quantity is perfectly harmless.

Most remedies in use for Diarrhes, lock up the porec of the intestinal canal and only for a time alleviate the disease by preventing the expulsion of the acrid fluid, which will al-

most invariably pour forth again, with increased violence, though nature sometimes overcomes the evil, while the remdy alone beauts off the praise. Not so with the Dyscatery. Syrup. Its ingredientare the natural antidotes to these complaints. It changes the nature of the fluids, and causes their explusion in a natural manner. It does not leave them to in-flame the surface of the stomach and bowels, but attacking the cause, it neutralizes them, and the disease immediately subsides. The operation of the Syrup is threefold. It immediately reaches the seat of the disease and arrests its course; if instantly southes pain and restores the system to perfect quiet. The inflamed surfaces of the stomach and intestines are guarded against further violence by the neu-tralization of their aerid contents, and thus the body re-sumes it natural healthy functions. THIS MEDICINE NEVER FAILS. A complete cure is warranted. Price only 50 cents per hottle.
